About AmazonSmile

AmazonSmile is a website operated by Amazon with the same products, prices, and shopping features as Amazon.com. The difference is that when you shop on AmazonSmile, the AmazonSmile Foundation will donate 0.5% of the purchase price of eligible products to the charitable organization of your choice.

Every item available for purchase on www.amazon.com is also available on AmazonSmile (smile.amazon.com) at the same price. You will see eligible products marked "Eligible for AmazonSmile donation" on their product detail pages.

How do I shop at AmazonSmile?

To shop at AmazonSmile simply go to smile.amazon.com from the web browser on your computer or mobile device. You may also want to add a bookmark to smile.amazon.com to make it even easier to return and start your shopping at AmazonSmile.

Can I use my existing Amazon.com account on AmazonSmile?

Yes, you use the same account on Amazon.com and AmazonSmile. Your shopping cart, Wish List, wedding or baby registry, and other account settings are also the same.

How do I select a charitable organization to support when shopping on AmazonSmile?

On your first visit to AmazonSmile smile.amazon.com, you need to select a charitable organization to receive donations from eligible purchases before you begin shopping. We will remember your selection, and then every eligible purchase you make at smile.amazon.com will result in a donation. AmazonSmile will occasionally contact you about donation amounts disbursed to your chosen charity or about the program.

About Shopping on AmazonSmile

If you shop on smile.amazon.com using an internet browser on your desktop or laptop computer, your mobile phone, or your tablet, then your purchases of eligible products (marked "eligible for AmazonSmile donation" on the detail pages) will result in donations. Purchases that are not made using an internet browser (for instance, using the iOS Amazon Shopping App, Kindle Store, FireTV, Amazon Dash, or Amazon Echo) are not currently eligible for donations.

About Wish Lists and Registries on AmazonSmile

Your Wish Lists are the same on Amazon.com and AmazonSmile and work in the same manner. Items you add to your Amazon.com Wish Lists will appear on your AmazonSmile Wish Lists, and vice versa.

When you create a registry on Amazon.com it will appear on AmazonSmile and vice versa. In other words, your registries are the same on Amazon.com and AmazonSmile and work in the same manner. However, only registry purchases made on AmazonSmile will generate donations. For example, if you create your registry on AmazonSmile, but your guests make their purchases on Amazon.com, those purchases will not generate donations. If your guests make their purchases on AmazonSmile, those purchases will generate donations based on the guest's selected charitable organization, not your selected charitable organization. Any purchases made on either Amazon.com or AmazonSmile will update the registry that appears on both sites.

Have an Android mobile device? You can now shop AmazonSmile via the Amazon Mobile App!

Open the Google Play Store, then tap the menu (☰).

Click My apps & games.

Tap the Updates tab.

Locate the Amazon Shopping app, then click Update.
